INF2660020477

On February 26, 2026, Metropolitan Milwaukee Association of Commerce Regional Center LLC ("the Regional Center") filed a Form I-956F to request an Initial I-956F, Application for Approval of an Investment in a Commercial Enterprise in accordance with section 203(b)(5)(F) of the Immigration and Nationality Act ("INA"). The Regional Center was initially approved for designation in the Regional Center Program ("the Program")¹ on May 1, 2007.

Specifically, Form I-956F requests the following:

- Determination of EB-5 compliance for initial I-956F, Application for Approval of an Investment in a Commercial Enterprise.

¹ INA § 203(b)(5)(E) and its predecessor at Sec. 610 of the Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations Act of 1993, Pub. L. 102-395 (repealed by the EB-5 Reform and Integrity Act of 2022, Div. BB of the Consolidated Appropriations Act, 2022, Pub. L. No. 117-103).

Effective as of the date of this notice, and as discussed further below, USCIS approves the Regional Center's request.

I. Determination of EB-5 Compliance for an initial I-956F, Application for Approval of an Investment in a Commercial Enterprise

Through this Form I-956F and the documents submitted, the Regional Center requests determination of EB-5 compliance for an initial I-956F, Application for Approval of an Investment in a Commercial Enterprise. The Regional Center presented evidence asserting that 13 investors will invest \$10.4 million into Laxmi EB5 NCE, LLC – the new commercial enterprise (NCE). The NCE will lend the entire amount to Laxmi EB5 JCE, LLC, the job creating entity (JCE). The JCE intends to build a hotel and workforce housing. The Project site is Lot 2, Northridge Way, Woodruff, WI 54568 and is averred to be a TEA.

After review of the documents submitted in connection with this request, USCIS has determined that the Regional Center has demonstrated that the initial I-956F, Application for Approval of an Investment in a Commercial Enterprise complies with EB-5 requirements.

The Regional Center asserts construction activity will not last longer than 2 years. Therefore, USCIS approves Form I-956F based on evidence submitted indicating the investment from EB-5 petitioners will create sufficient direct jobs and indirect/induced jobs in accordance with INA § 203(b)(5)(E)(iv)(II), (v)(II)(cc) to support 13 EB-5 investors.²

USCIS also approves the Regional Center's assertion the JCE will be principally doing business within a rural area.

This approval reflects USCIS determinations on the following: (1) compliance of the comprehensive business plan and economic analysis with applicable requirements to demonstrate sufficient job creation, including INA 203(b)(5)(A)(ii), (E)(iv)-(v) and (F)(i)(I)-(II); (2) compliance of the investment and offering documents to meet minimum investment amount requirements under INA 203(b)(5)(A)(i) and (C) and applicable disclosure requirements under INA 203(b)(5)(F)(i)(IV); (3) compliance of the securities-related submissions and certifications with applicable requirements under INA 203(b)(5)(F)(i)(III), (V) and (VI); (4) applicable designations under INA 203(b)(5)(B)(ii)-(iii), and (5) compliance of persons involved with

² INA § 203(b)(5)(E)(iv)(I) permits aliens seeking admission to satisfy only up to 90 percent of the job creation requirement with jobs that are estimated to be created indirectly through investment. An employee of the new commercial enterprise or job-creating entity may be considered to hold a job that has been directly created. If the jobs estimated to be created are created by construction activity lasting less than 2 years, Applicants may satisfy only up to 75 percent of the job creation requirement with jobs that are estimated to be created indirectly through investment. INA § 203(b)(5)(E)(iv)(II). If the number of direct jobs estimated to be created has been determined by an economically and statistically valid methodology, and such direct jobs are created by construction activity lasting less than 2 years, the number of such jobs that may be considered direct jobs for purposes of clause (iv) shall be calculated by multiplying the total number of such jobs estimated to be created by the fraction of the 2-year period the construction activity lasts. INA § 203(b)(5)(E)(v)(II)(cc).

the NCE and/or JCE under INA 203(b)(5)(H). This approval does not constitute a determination of any petitioner-specific requirements evaluated separately as part of a Form I-526E petition adjudication, including the lawful source and means used to obtain any investment capital under INA §203(b)(5)(D)(ii) and (L). Petitioner specific requirements adjudicated during review of the Form I-526E include, but are not limited to, lawful source of funds and lawful means per INA §203(b)(5)(L); lawful path of funds per INA §203(b)(5)(L); capital and “at risk” deployment per INA §203(b)(5)(D)(ii) and 8 CFR 204.6; and any investor financing arrangements, including third-party or affiliate loan structures. Approval of a Form I-956F does not guarantee approval of related Form I-526E petitions.

The approval of an I-956F shall be binding³ for purposes of the adjudication of subsequent Forms I-526E Immigrant Petition by Regional Center Investor, filed by immigrants investing in the same offering described in this I-956F application, and of petitions by the same immigrants filed under INA § 216A unless—
